About me:

Date of birth: 11.03.1994

Nationality: German

Language skills: German (native language)
English (business / technical english)
French (Basics)

Certifications: CCNA Discovery, Semester 1-3
Ausbildung der Ausbilder, AdA (Ausbilderschein)
ITILv4 Certificate
Microsoft Endpoint Configuration Manager (MECM)
Exchange Server 2019 - Alles für erfahrene Administratoren
SEPPmail Certified System Engineer (SCSE)

Soft skills: Through my schooling in a social company, I was able to get experience throughout customers from different social and hierarchical positions. Also, I was able to assemble very good teamwork. I can quickly fit in new situations and circumstances, while always goal-oriented.

Technical focus:

- Cisco ESA, SEPPmail, Exchange (2010//2016/2019), F5 BIG-IP
- Virtualization (VMware vSphere, VMWare vCenter)
- Powershell (Module, Scripting, Automation)
- Active Directory (ADDS, DNS, AD PKI, ADFS, GPO, DFS)
- Windows-Server (2016/2019/2022) System Operations & Troubleshooting
- System Engineering
- Microsoft Exchange Online (M365)

Experience:

- Advanced knowledge in network-administration (LAN, WLAN, WAN, VPN)
- Microsoft DHCP
- Microsoft SQL
- Microsoft Lync-Management
- Windows-Clients (Windows 7/8.1/10/11) System Operations & Troubleshooting
- Software- and Client-Operating-Deployment (SCCM 2012, MECM)
- VMWare vCloud Usage Meter
- HPE dHCI Nimble, HPE StoreOnce
- Linux-Server (Ubuntu, Debian) System Operations & Troubleshooting
- internal & public DNS-Management
- Print-Server (Microsoft Print-Management, RICOH Streamline)
- private & public PKI (single SSL, Multi-SAN, Code-Signing, Wildcard, S-MIME)
- VDI & VDE (Terminal-Server, vWindows, vApps, Citrix XenApps, VMWare Horizon)
- MDM (Mobile Iron)
- Virtualization (OpenStack, Microsoft Hyper-V)
- Firewall-Management (IPTables, CheckPoint, Fortigate)
- Swyx-Management
- Puppet (Foreman)
- Client Security (Matrix42 EgoSecure Data Protection)
- E-Mail-Archiv (MailStore)
